

# APCO Annual/Action Plan Strategy Document

Website Ver. Updated 18 April 24

## Company Mission Statement:

Power DC together with APCO will in all instances endeavour to achieve the targets set out within the Sustainable Packaging Guidelines (SPG's) in order to meet the Australian 2025 National Packaging Targets:

- We will aim for 100% of all our packaging to be reusable, recyclable or compostable.
- 70% of our plastic packaging will be recycled or composted.
- 50% average recycled content will be included across all packaging.
- Problematic and unnecessary single use plastic will be phased out.
